<b>Brenda Whitaker</b>	<b>Jack Jenkins</b>
<b>Paul Jackstadt</b>	<b>Brian Konzen</b>
<b>Ed Hagnauer</b>	

**Gail discusses update for water shut off procedures we will follow to collect on delinquent sewer bills. As of March 1, 2010 the city will be contracting with Illinois American Water to “shut off water” for unpaid sewer bills. Procedure will be they receive a letter including hearing by WWTC, if customer fails to implement the terms of agreement no further warning letter from the city will be sent and account will be turned over to water company. Water company will send a 10 day notice for a water shut off, if they do not contact city for payment then water will be shut off. Discussion was tabled.**

**Meeting Adjourned**
